

# *Arena Horse Trials*

## *Sunday 1<sup>st</sup> November 2020*

Dressage and dressage warm up on all weather arena, short arena BE tests. Half an hour minimum for a tack change before the Jumping phases. Indoor jumping collecting and working in. The jumping phases will consist a BE equivalent single phase show jumping track indoors, followed immediately in outdoor arena by a short course of portable XC fences. This will typically be 5 fences below the maximum height followed by 5 at the maximum, with a water splash. Fences will be laid out to allow a reasonable pace, and to have some feel of being XC not working hunter.

Dressage penalties plus show jumping penalties plus XC penalties will be added together and scored as per BE rules. There will be no XC time penalties, with the fastest time being used to divide equality of place, however dangerous riding will incur elimination. As there is no change of riding or horse ware between Show Jumping and XC phases, both should be completed in XC-ware

- CLASS 1                    Keysoe 70 One Day Event - Open to any horse rider combination
