Course description

Flowing courses on ground that will be prepared to allow riders to make the time. We will put in as much effort as is necessary to give good ground conditions on the courses, arenas and working in areas. Our long term grass management programme is working very well. Dressage on well prepared flat arenas (four will be on a surface), showjumping on Martin Collins Pro-track waxed surface, using our BS championship set of fences, working in also on surface. Cross country a mix of fixed and portable fences, strong questions will have an alternative. We have a wide range of complexes, including water, banks, steps, & ditches. There will be very significant changes to the tracks used in May, so the two events will feel very different.
